**STATE ENVIRONMENTAL COMMISSION MEETINGS - 1991** November and December

NOVEMBER 18, 1991

U.S. Ecology. Beatty, Nevada: Hazardous Waste Public Hearing

- Agenda Items I., II.A., II.B.
- Transcript of Public Hearing (2 copies)

DECEMBER 4, 1991 and DECEMBER 5, 1991

December 4, 1991 Commission tour:

- Southern California Edison Mohave Generating Station; Clark County Sanitation District Plant, Bull Head City, Arizona and other venues on Arizona side of the Colorado River and Big Bend of Colorado State Recreation Area, Nevada (Including Laughlin Bay).

December 5:

- Deletion of Nevada Administrative Code 445.724. The deletion will have the effect of requiring the Southern California Edison Mohave Generating Station to limit the stack discharge to an opacity of not more than 20 percent (20%), measured at 6 minute intervals at the stack.
- Adoption of regulations regarding collection and administration of a \$1 per tire surcharge on retail sale of new tires. The tire surcharge fee was established by Assembly Bill 320, Section 2 and requires the State Environmental Commission to adopt regulations which define acceptable methods for accounting for tire surcharge fees collected.
- Amend NAC 459 to postpone the examination requirements of persons certified by the division to provide environmental consulting and underground storage tank services.

Settlement Agreements: Air Quality Violations:

- |   |                    |
|---|--------------------|
| - U.S. Ecology                          | NOAV 908, 909, 910 |
